## GUEST SPEAKER

### SHANE STOREY

#### **ARE YOU CLAIMING ALL THAT YOU CAN WITH YOUR RENTAL PROPERTIES ?**

Shane is an Accountant with a Business Studies degree from Massey University. Shane has spent over 20 years as the Managing Director of Storey and Associates Limited, Accountants and Business Development Advisors situated at 234 Broadway Avenue, Palmerston North.

Shane is currently working on Business development programs which grow and improve clients businesses. This includes clients with rental property investments, something in which Shane has a personal passion, having his own significant rental portfolio himself.

Shane's extensive research and experience has lead him to some very interesting findings, which members in the past have enjoyed through attending his presentations. By members request, Shane has been approached to give a presentation focusing primarily on what expenses a Landlord can claim. This is timely for our end of year returns. You may discover you should be claiming more costs, further reducing your tax bill.

Come along with any questions relevant to expenses.

---
