

Monthly Meeting 2nd November 2022

Special VIP Guest Speaker

Hannah McQueen

enable.me
financial strategy & coaching

Hannah communicates financial matters in a way few other speakers can. She combines obvious expertise and depth of experience with pace, humour, and relatability. Once you've seen her present you'll understand why she's often described as a financial force of nature! It's her ability to bring finances alive with colour and humour that gives her that X-factor.

And, there's no doubt as to Hannah's expertise. She's a Chartered Accountant Fellow with her Masters in Tax, an Authorised Financial Adviser, a best-selling personal finance author, media commentator, columnist and the founder of the financial strategy and coaching company, [enable.me](#). She also owns the patent for the mortgage optimisation formula she developed with the University of Auckland that shows how you can pay off your mortgage in the shortest time, with the least interest cost, and the most flexibility.

Hannah speaks on a range of important topics like the impact of financial stress on everything from sleep to productivity, how to improve your financial resilience amid uncertain times, and how to get ahead faster while still having a life.

This meeting should not be missed.

The association is fortunate to have Hannah present to us.

This is our last monthly meeting for 2022.

Wednesday 2nd November 7.30pm

**Palmerston North Bridge Club
Corner Cook and Cuba Streets, Palmerston North**

Doors open from 7pm, supper provided.

Visitors most welcome - \$20 door charge.
