Dear NZ PROPERTY INVESTORS FEDERATION INC **CASH ACCT**

We would like to make you aware of a product recall on some of our Trailpro trailers.

Our records and information from the NZTA indicate you may own one of the following impacted models.

Trailpro 8 x 4 Tradesman (Model no. TP5)

Trailpro 8 x 4 Tandem (Model no. TP8)

You can check if your trailer is affected by reading the model number on the identification plate located on the side of the drawbar.

If your trailer is one of these models, please contact us on 0800 561 109 as soon as possible to discuss your repair options.

In the meantime, please stop using the trailer in a loaded capacity.

We strongly recommend that you follow the instructions in the recall notice below and apologise sincerely for any inconvenience this matter may cause.

The safety of customers and our team is absolutely our top priority and we encourage customers to call 0800 561 109 to discuss any concerns.

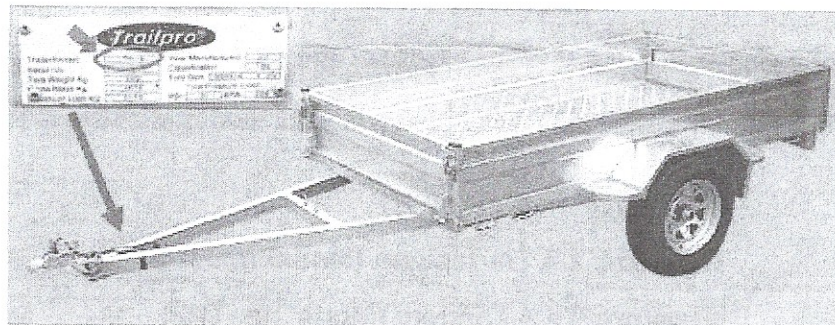

You can also visit our website (www.bunnings.co.nz) for further information.

Yours faithfully,

Toby Lawrance
General Manager

PRODUCT SAFETY RECALL

TRAILPRO TRAILERS

**8x4 Tradesman trailer pictured*

Sold at Bunnings from 1st January 2006 to 12th October 2018

IDENTIFICATION:

Trailpro 8x4 Tradesman – Model no. TP5.

Trailpro 8x5 Tandem – Model no. TP8.

Note: No other Trailpro models are affected

DEFECT: The trailer's drawbar may break at the front attachment bolts to the chassis, leading to failure and detachment of the drawbar. Heavy or frequent commercial use may accelerate this hazard.

HAZARD: Detachment of the drawbar poses significant safety hazards to other road users and bystanders.

WHAT SHOULD CUSTOMERS DO?: Check the identification plate on the side of the trailer's drawbar (as shown in the photo) to confirm the model number. If it's an affected model, stop using the trailer in a loaded capacity immediately. If you have one of these trailers, or are in doubt, please contact Bunnings customer service centre on 0800 561 109.

Please note that NZTA-appointed inspectors have been instructed to not issue WoFs on affected models until the repair is completed.
