

BUNNINGS TRADE INNOVATIONS

Making building smarter

We're always working to supply innovative building products that will help you get the job done better, faster and more efficiently. Here are some quality, cutting-edge building options that are not only very cost effective but produce an outstanding result.

Fully insulated foundations that create more comfortable healthy homes.

Reliable, straight and durable LVL gauged framing timber for a stronger building.

Friction fit Polyester insulation guaranteed to maintain outstanding performance.

Engineered "fit for purpose" fibre reinforced Magnesium Oxide Flooring Board.

Wall and ceiling lining impervious to moisture and resistant to water and abrasion.

North American Redwood. A stronger and more durable cladding and decking option.

Innovative fibre cement that delivers exceptional quality and saves you time and money.

Pre-formed, adjustable joists that provide a level sub structure for membrane decks.

The materials listed above can be purchased from any Bunnings Trade store. If you require further information regarding any of these products, please contact your local account manager.
