

LOCKWOOD TARANAKI

Gold Award and 2012 NATIONAL Category Winner RMB HOY Homes \$450 - \$600k

Paul Jones is the man that fronts Lockwood Taranaki. He's friendly, helpful, and very knowledgeable about the building industry. His specialist field is the Lockwood product, he first became involved with the Lockwood system in 1982. He and his wife Margie have managed their building business, Paul Jones Construction Ltd since 1986. The business is not large, with seven building staff, two part time office people and themselves at the helm. Very much team players, they credit all their staff (many long serving) for their hardworking, dedicated and skilled workmanship. The business motto is "Attitude is Everything" and everyone gets on with it! They also credit the many very professional sub trades people they work alongside within a project.

They are multiple award winners in the annual Taranaki Registered Master Builders 'House of the Year' competition and **National Award** winner of the '2012 House of Year' for Homes \$450-\$600k.

The National winning home is located at Mangamingi, nestling into its rural environment on a hillside. 'This house is quite special, it has a combination of building materials, timber sarked ceilings, some timber and gib walls, stacked block features, with a cedar exterior' says Paul and 'the workmanship is of the highest quality'. The judging panel of the HOY 2012 definitely thought so!

Their current showhome was specially designed for the Puke Ariki 'Kiwi Pre-fab – Cottage to Cutting Edge' Exhibition, and now stands for viewing at Fairfields Garden Centre, Corner of Mangorei and Junction Roads.

The 'PAPA' plan displays the excellence of modern construction methods and materials.

Maximising energy efficiency and functionality of space, this two bedroom home shows that small can be stylish, economical and ultimately comfortable. Built to be easily transported, locate it where it best suits your needs, be it beach house, town house or country home.

The Kereru plan is currently the 'promo' plan and is exceptional value for money, with floor coverings included.

Focusing on personal service and building excellence is something Paul Jones finds very rewarding. Being a Licensed Building Practitioner and Member of The Registered Master Builders you're guaranteed that Jonesy will look after you!
